Vinyl Windows

Lindsay Window & Door, LLC *Saving America's Energy*

What Our Customers Have Said

"My new windows make our home attractive with energy savings as a bonus."

"My Lindsay Windows were 'blown out' in a tornado and parts of our home were destroyed. We reused all the windows and only two pieces of glass were broken!"

"These windows are easy to clean—even my husband can do it!"

"Because I am happy with my windows and my dealer, here is a list of my friends to call."

"I like the fact that they are made for the heat and our severe winters."

"I wish we had known about this company and their windows before. Why don't you advertise?"

"People think I have oak windows. I didn't tell them they are vinyl woodgrain."

"I only bought a few windows to try them out. Now we are replacing all our windows with Lindsay."

"I am sorry we wasted our time getting other window quotes. However, now I know that these windows are the best."

Lindsay Window & Door, LLC has been manufacturing windows since 1947. That is a long time; and as a result, we have thousands of satisfied customers. We are continually developing new and exciting ways to make our window the best in the industry—at a price that you and your family can afford.

How do we do this?

OUR SUPPLIERS

We purchase our vinyl, hardware and glass from the best and most reputable companies. We choose suppliers who have an excellent reputation for providing the highest quality products and have been in the business for at least 25 years. This assures that you are getting the best performing components in your window. ***“You gotta start with top notch material to get a high performing product.”***

OUR TECHNOLOGY

We manufacture our windows and doors using the most effective and innovative methods available. Our equipment utilizes computer controlled machines, 4-point welders, optimizers, etc. to provide you with quality custom-designed windows for your home. ***“Efficient and effective manufacturing produces a high quality product.”***

OUR PEOPLE

We take pride in what we build. Each employee is well trained to take care of our dealers and homeowners. In fact, our employees are our best sales force. They take pride in what they do and make the windows and doors as if they are making them for their own home. ***“We like working here and we are proud of what we do.”***

OUR PRODUCT

We have been manufacturing windows since 1947—**over 60 years!!** We stay ahead of the trends and are always looking for products and processes to give you, the homeowner, the best windows and doors at prices you can afford. Our products exceed industry standards and are approved by Energy Star, AAMA, NFRC, etc. ***“Invest in our products for the best window on the market.”***

OUR OWNERS

We are a family owned private company. Our expenses are low because we have no fat in our organization. We don't have big overhead (it costs too much) like many window companies. You can talk to an owner if you want to. In fact, if you call after business hours or when customer service personnel are on other lines, an owner may answer the phone. We are financially strong so we have the ability to back up our excellent warranties. Our decisions are made based on what is best for our customers. We don't have to answer or make decisions to satisfy an outside investor, banking institution, or board of directors. Decisions are made to provide our customers with the best window and door products. ***“We do what we say and we are proud of our products.”***

Frequently Asked Questions

- Q: Who is Lindsay Windows? I have never heard of them.**
A: We only spend a few thousand dollars a year in advertising... not hundreds of thousands or millions like some window companies. All advertising costs need to be paid for by increasing the cost of the window. ***You pay for their advertising.*** We support our dealers. They are well informed and trained to provide you with the best install and service. Because of our minimal advertising costs we only add about 5 cents to each window—not \$20—\$50 per window like some companies who spend big bucks on advertising.
- Q: Are there less expensive windows?**
A: Yes, you can pay less for windows but you can't receive a better value. When you purchase windows and doors manufactured by our company, you get the best value of a performance-rated window. We have the best materials and use the most effective manufacturing processes. As a result you get the best value and warranty. You are getting a *“luxury”* product at a discounted price. Don't skimp on your window investment!
- Q: Why should I invest in Lindsay Windows?**
A: We have one of the best warranties in the business. Our products and our reputation give you the assurance that you have made the right decision and we will be here if you should ever need a warranty claim.
