Pinnacle Window 811 Double Hung

Mold Resistant Weather strip
The average Pinnacle Window Double Hung has over 50 feet of Gold mold resistant weather strip. This specially formulated weather strip resists and kills allergy-aggravating microparticles of pollen, fungi, mold, mildew and bacteria. It also helps reduce outside noise and infiltration of exterior gases such as carbon monoxide.

Interlock
The reinforced interlock on the Pinnacle Double Hung Window is designed to significantly reduce air infiltration. It also helps as a security barrier for your home. The reinforcement provides strength for long-term satisfaction of your windows.

Dualtech™ Vinyl Latch/Lock System
DualTech combines streamlined lock visuals with a slimline tilt latch, to achieve a cleaner high-end appearance and true market distinction. Allows sash to easily tilt in for cleaning.

Sash Lift System
Patented exclusive roller tilt sash lift system. Only system where the springs follow the sash, which allows sash movement with little friction and less noise.

LowE 366 Glass with Neat Coating

LowE 366 is the ultimate performance glass. It just might make all other low-e glass obsolete. LowE 366 delivers the ideal balance of solar control and high visibility. And it provides the highest levels of year-round comfort and energy savings, making it the perfect glass no matter where you live. The secret? An unprecedented 3 layers of silver. For your next windows, go beyond ordinary low-e glass. Choose LowE 366 with neat coating, the new standard.

Homeowners can spend less time washing windows and more time enjoying the view.

Pinnacle Windows utilizes the TruWARM® product

Hi-Tech Warm Edge Spacer for Your Windows

Super Spacer® is the world's only all-foam, NO-Metal edge-seal product that provides maximum condensation resistance, durability and energy performance. Super Spacer® also provides the highest gas retention.
